3x3 Matrix(2 Level)

75%: EARNINGS FROM MATRIX (3X3 MATRIX -1 & 2 LEVELS)

In your Matrix, **positions 1 and 3 at Level 1** pay your upline, while **position 2**, along with positions **4, 5, 6, 10, 11, & 12 at Level 2**, generate payouts directly to **you**.

The **remaining Level 2 positions (7, 8, and 9)** reward each of their first-level uplines.

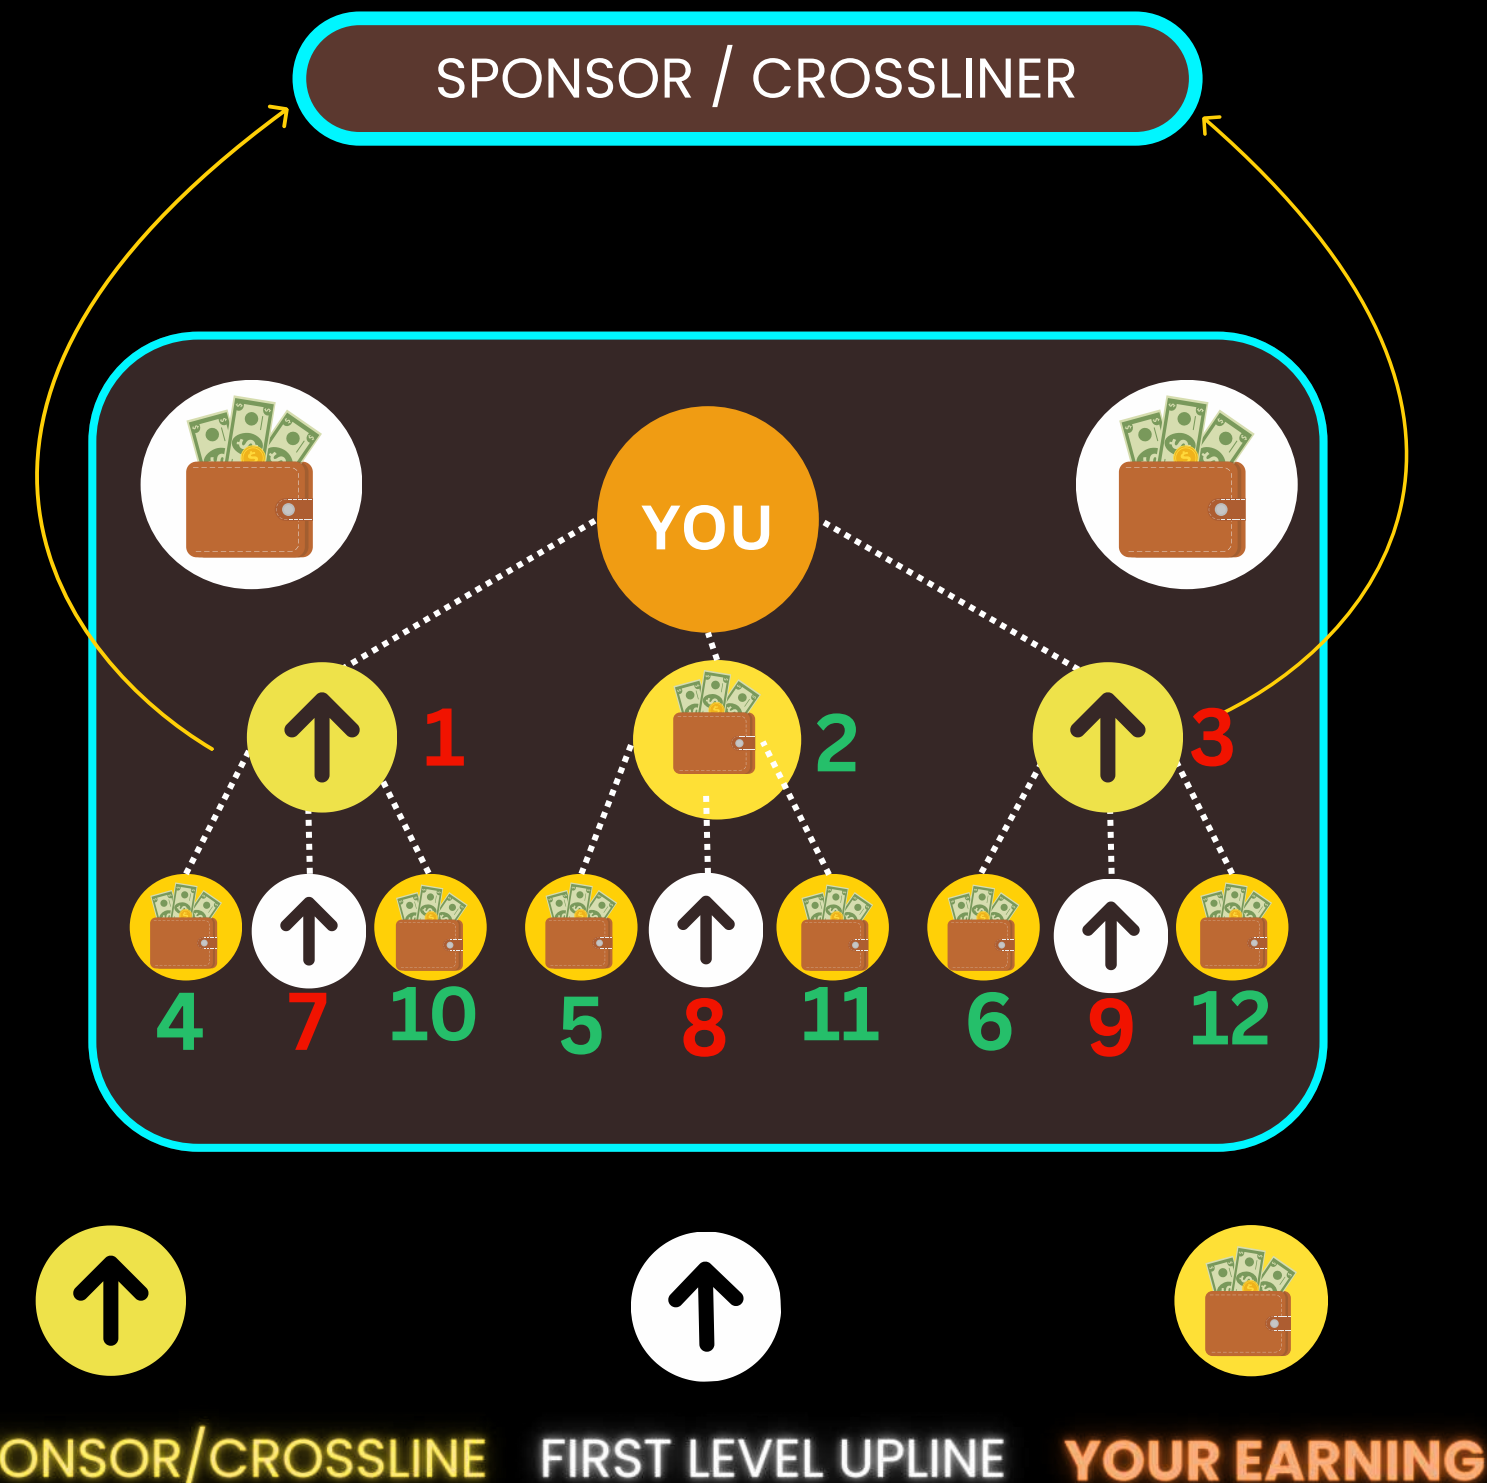

Matrix placements are filled **teamwide**, meaning they are not limited to your personal referrals.

One Cycle = Up to 525% Total Profit (7 x 75% from each).

Team work fills the structure.

Shared effort = Shared success!

3x3 MATRIX

Matrix System Overview

When you activate your first Rank/Slot, 75% of your payment is distributed to your **upline or his/her upline**. And You are automatically placed in their **3x3 Matrix**—either on the **first or second line**.

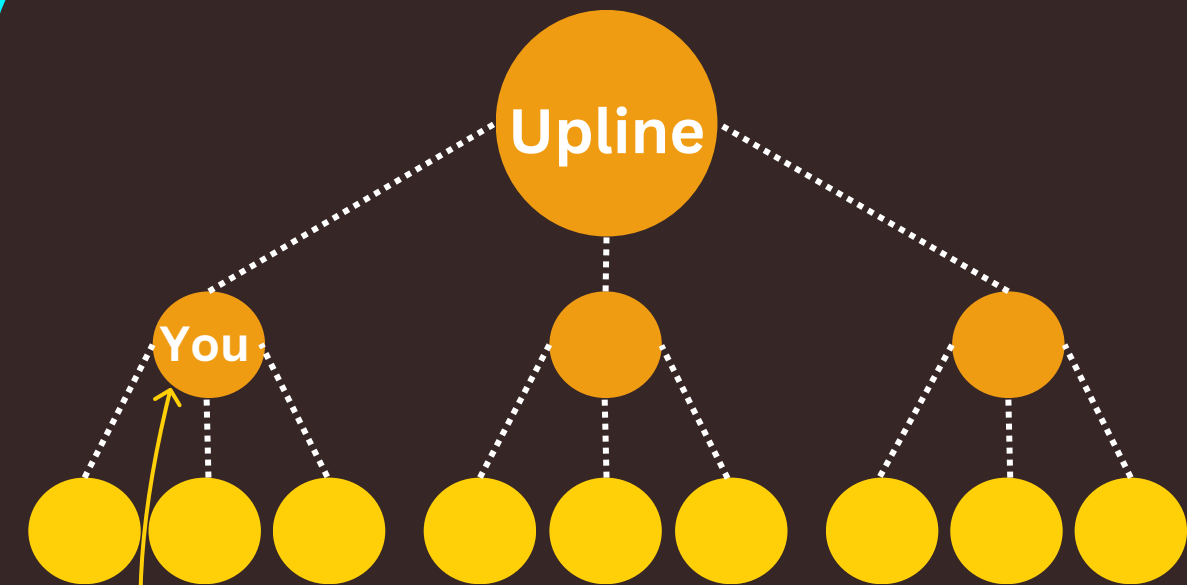

This setup allows both **you and your uplines** to repeatedly earn from the **3x3 Matrix**.

As your network grows, your referrals may also support your **upline's** structure, making it a **team-powered system** where placements and earnings are **shared**, regardless of who originally invited each participant.

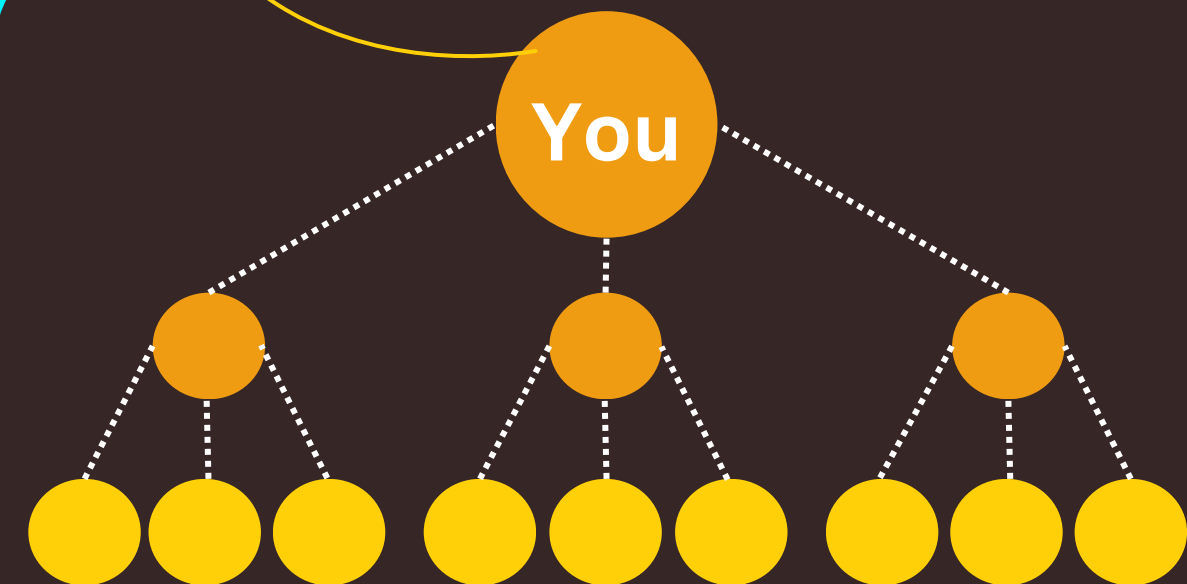

Result: Collective growth = Shared success!

MATRIX SYSTEM

There are several methods for filling positions within your referral structure.

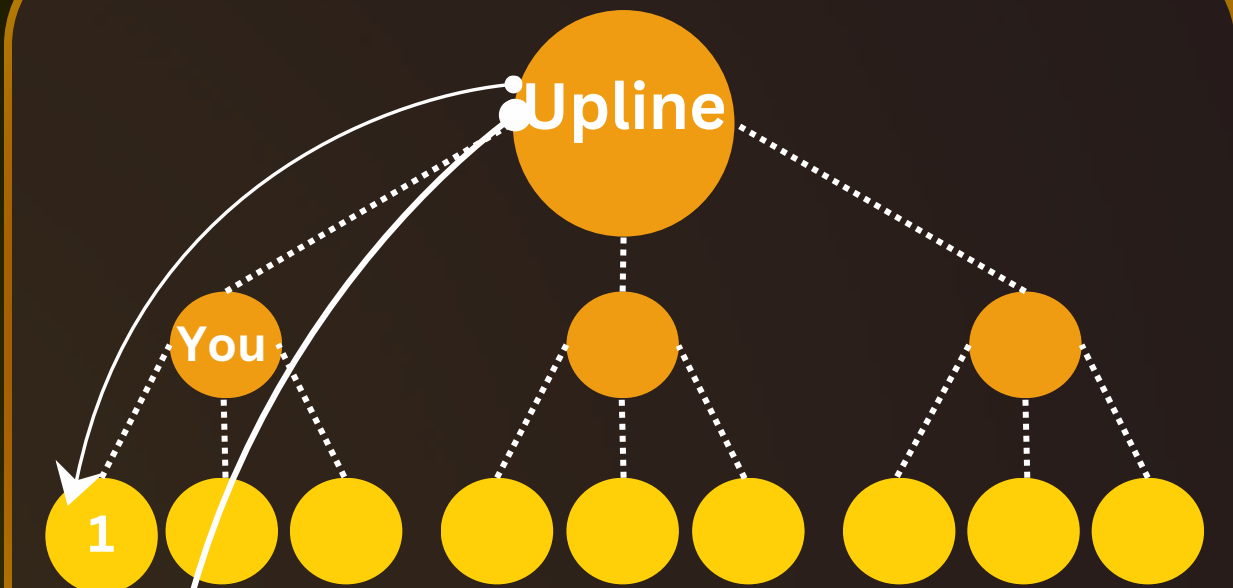

Your Direct Actions: When you invite partners using your referral link, you fill positions directly within your **Matrix** structure.

Actions of Your Upline Partners: Spillovers from your upline partners can help populate your first-line positions.

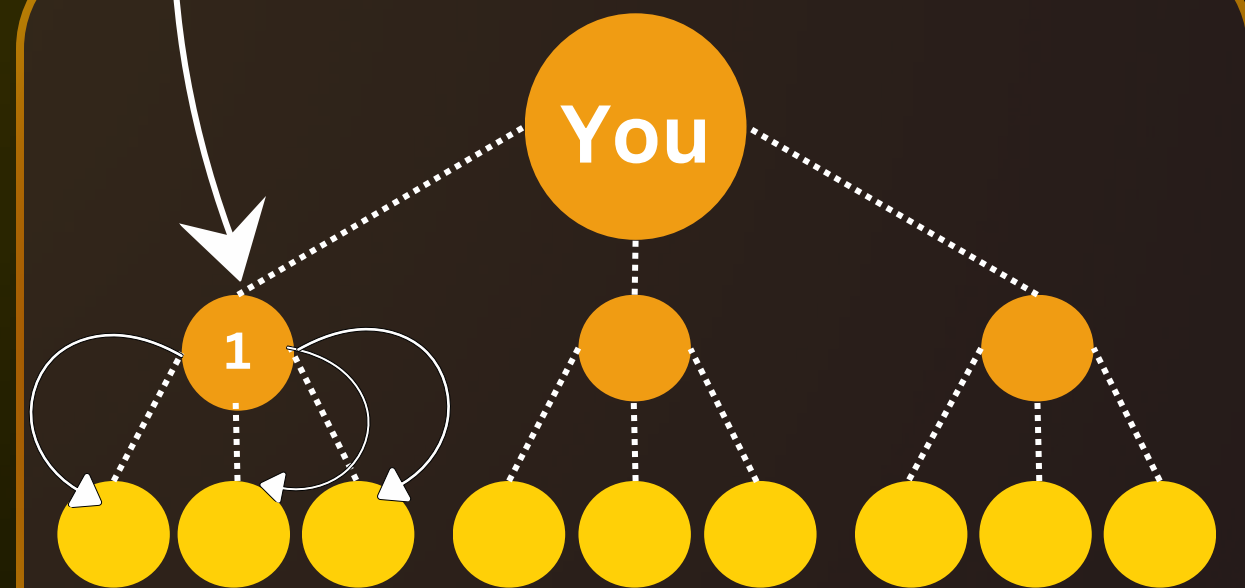

Actions of Your Cross-Line Partners: Spillovers from your upline partners can help populate your first-line positions.

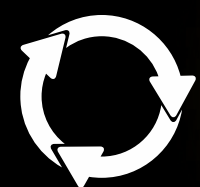

Actions of Your First-Line Partners: As your first-line partners invite others and fill their own tiers, they can also help fill positions in your second-tier partner slots.

RECYCLE

Recycle: repeated activation of a Rank/Slot

The final payout in the structure – the **12th** in **Matrix** is directed toward **reactivation**. This means the same Rank is activated **again & again**.

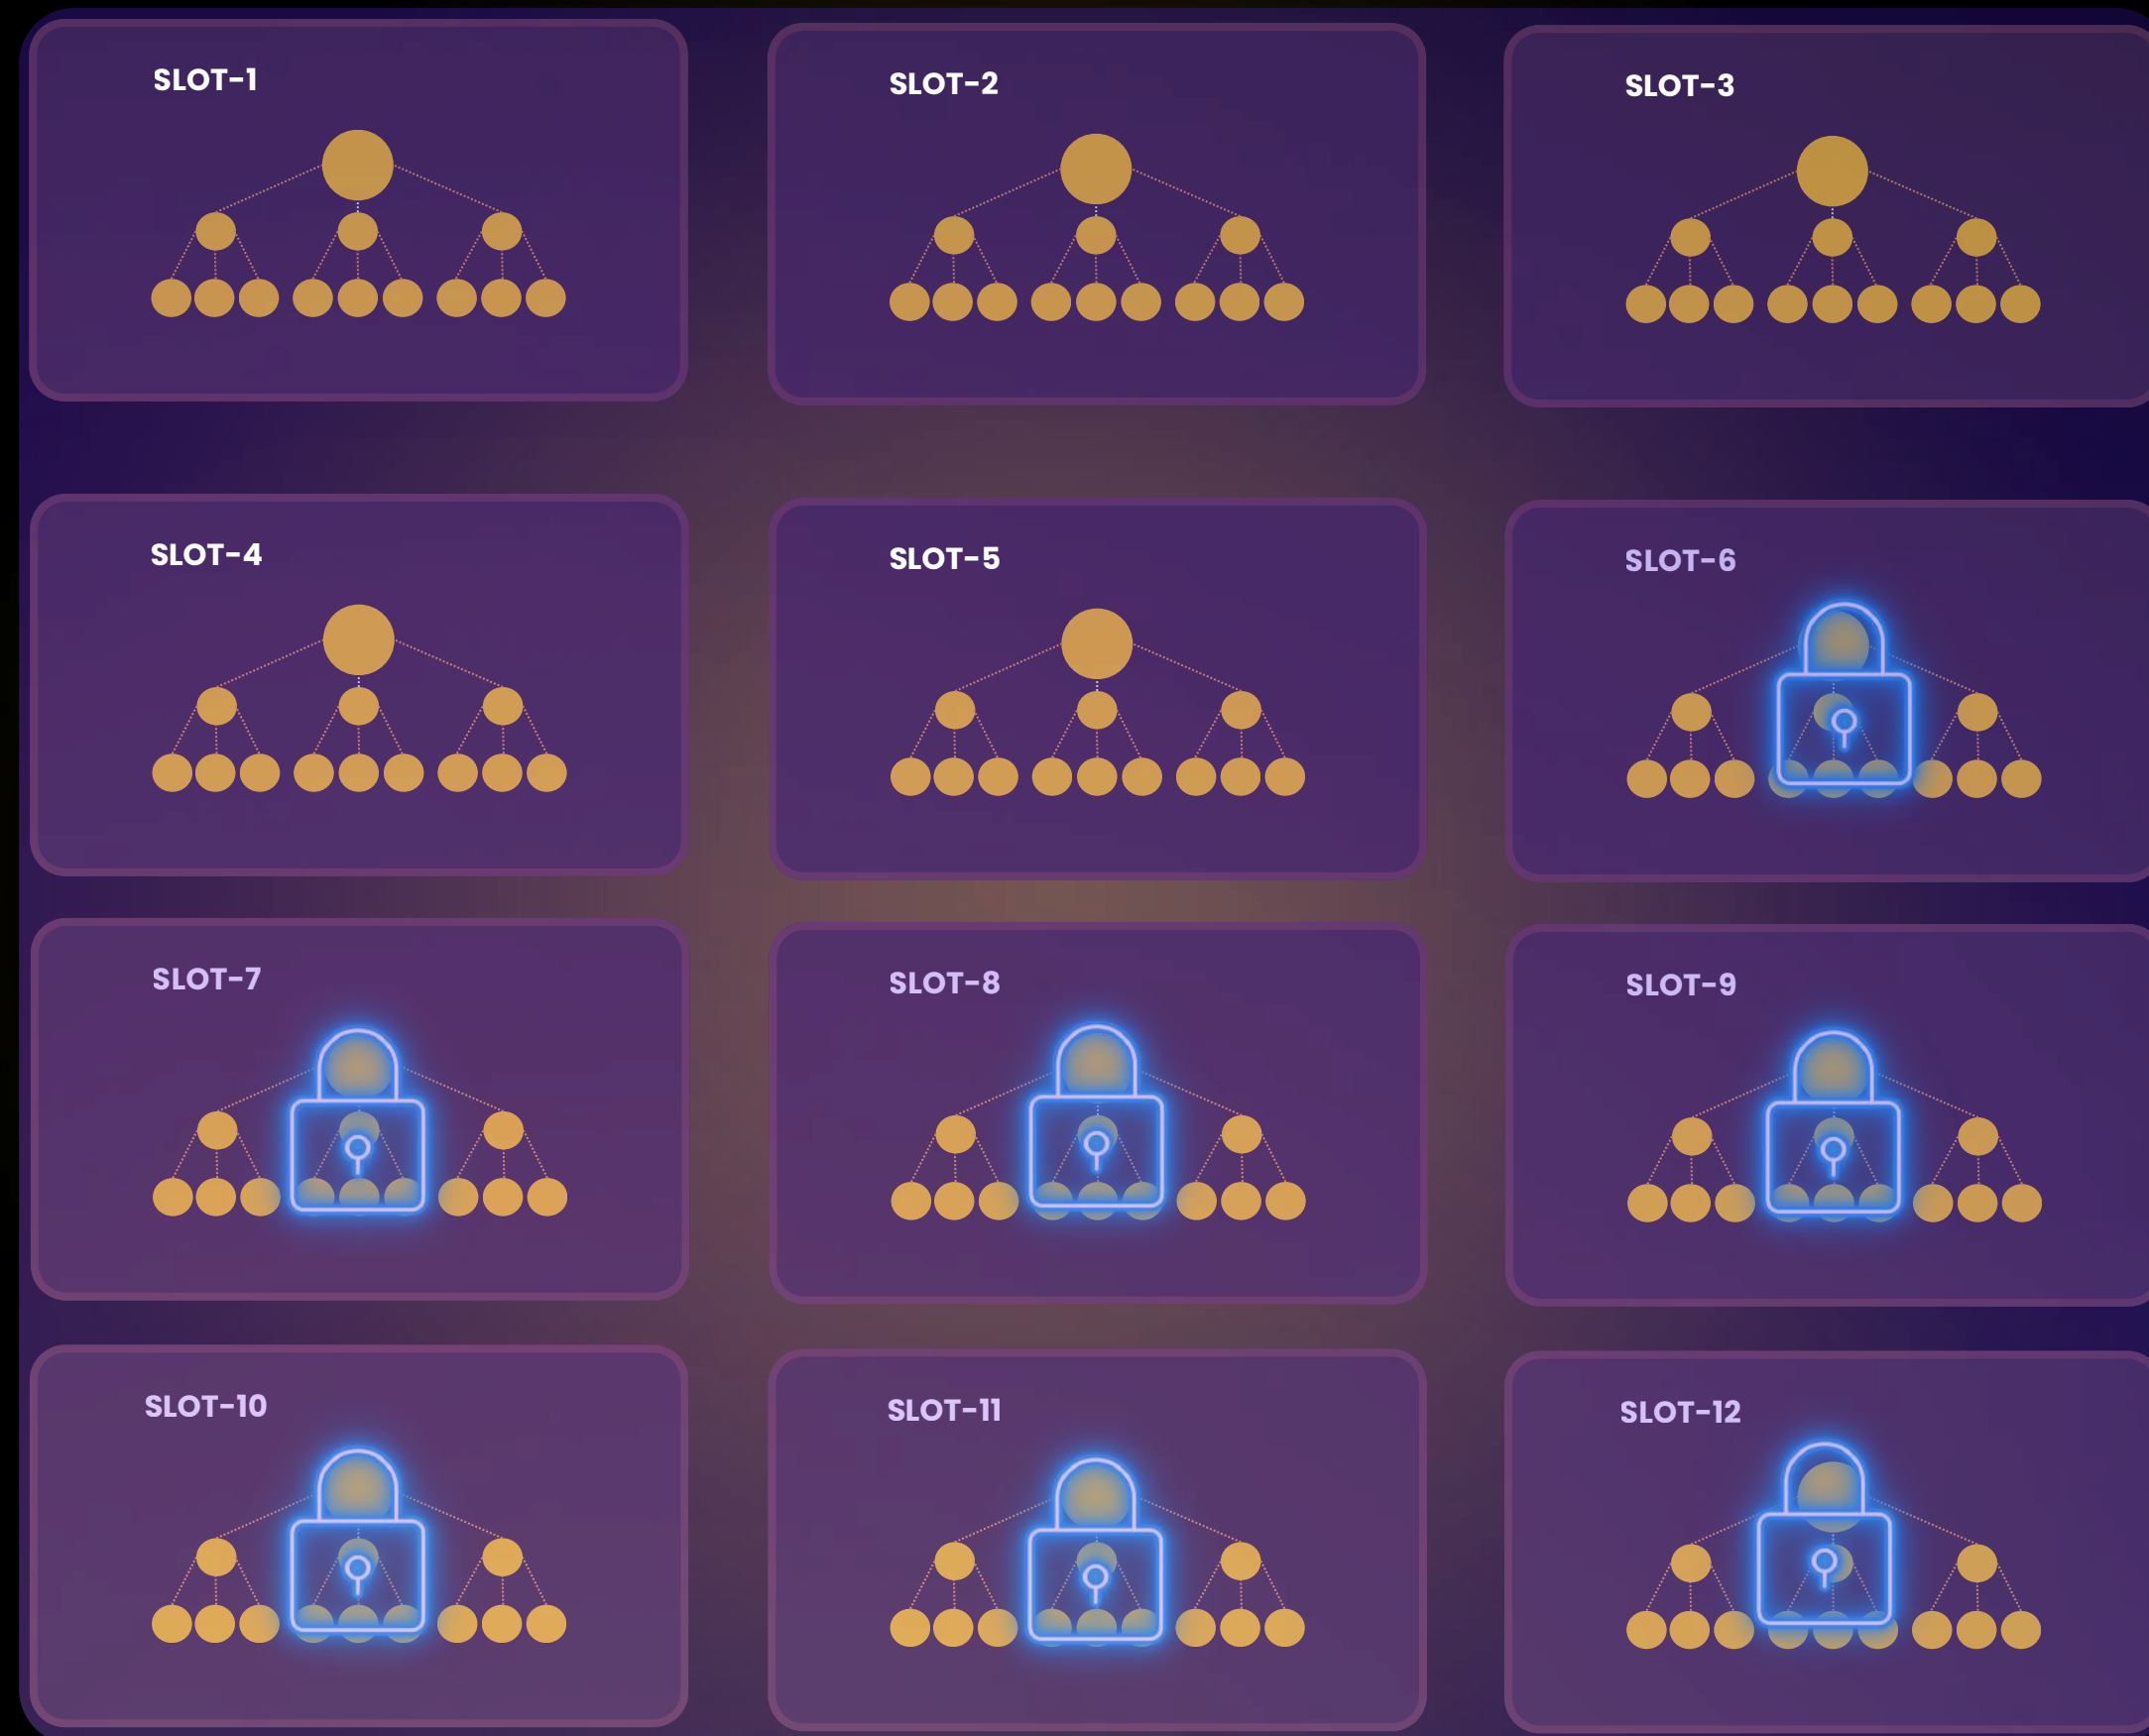

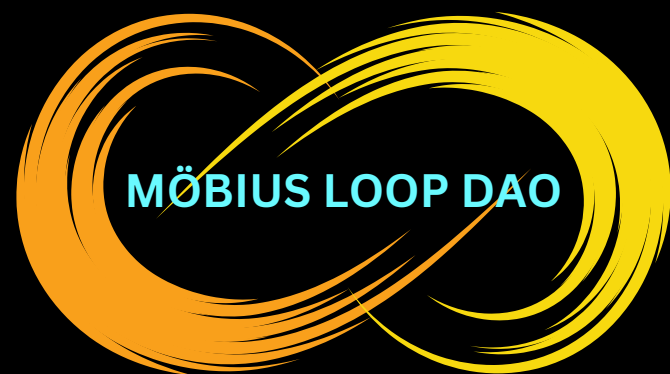

FAST EARNINGS

To avoid missing out on profits, activate at least 5 Rank/Slot once.

Statistically, most users activate at least **five** Ranks.

Invited partners can quickly fill all Ranks / Slots, potentially surpassing you in the referral tree.

For this reason, it is recommended to active more than **five levels** at once to ensure you **don't miss potential profits**.

NET PROFIT - MATRIX (ONE CYCLE)

The net profit from completing a full cycle of 12 Ranks in **Matrix** is approximately **\$87,018.75 BNB** taking into account the Automatic **Reactivation** features.

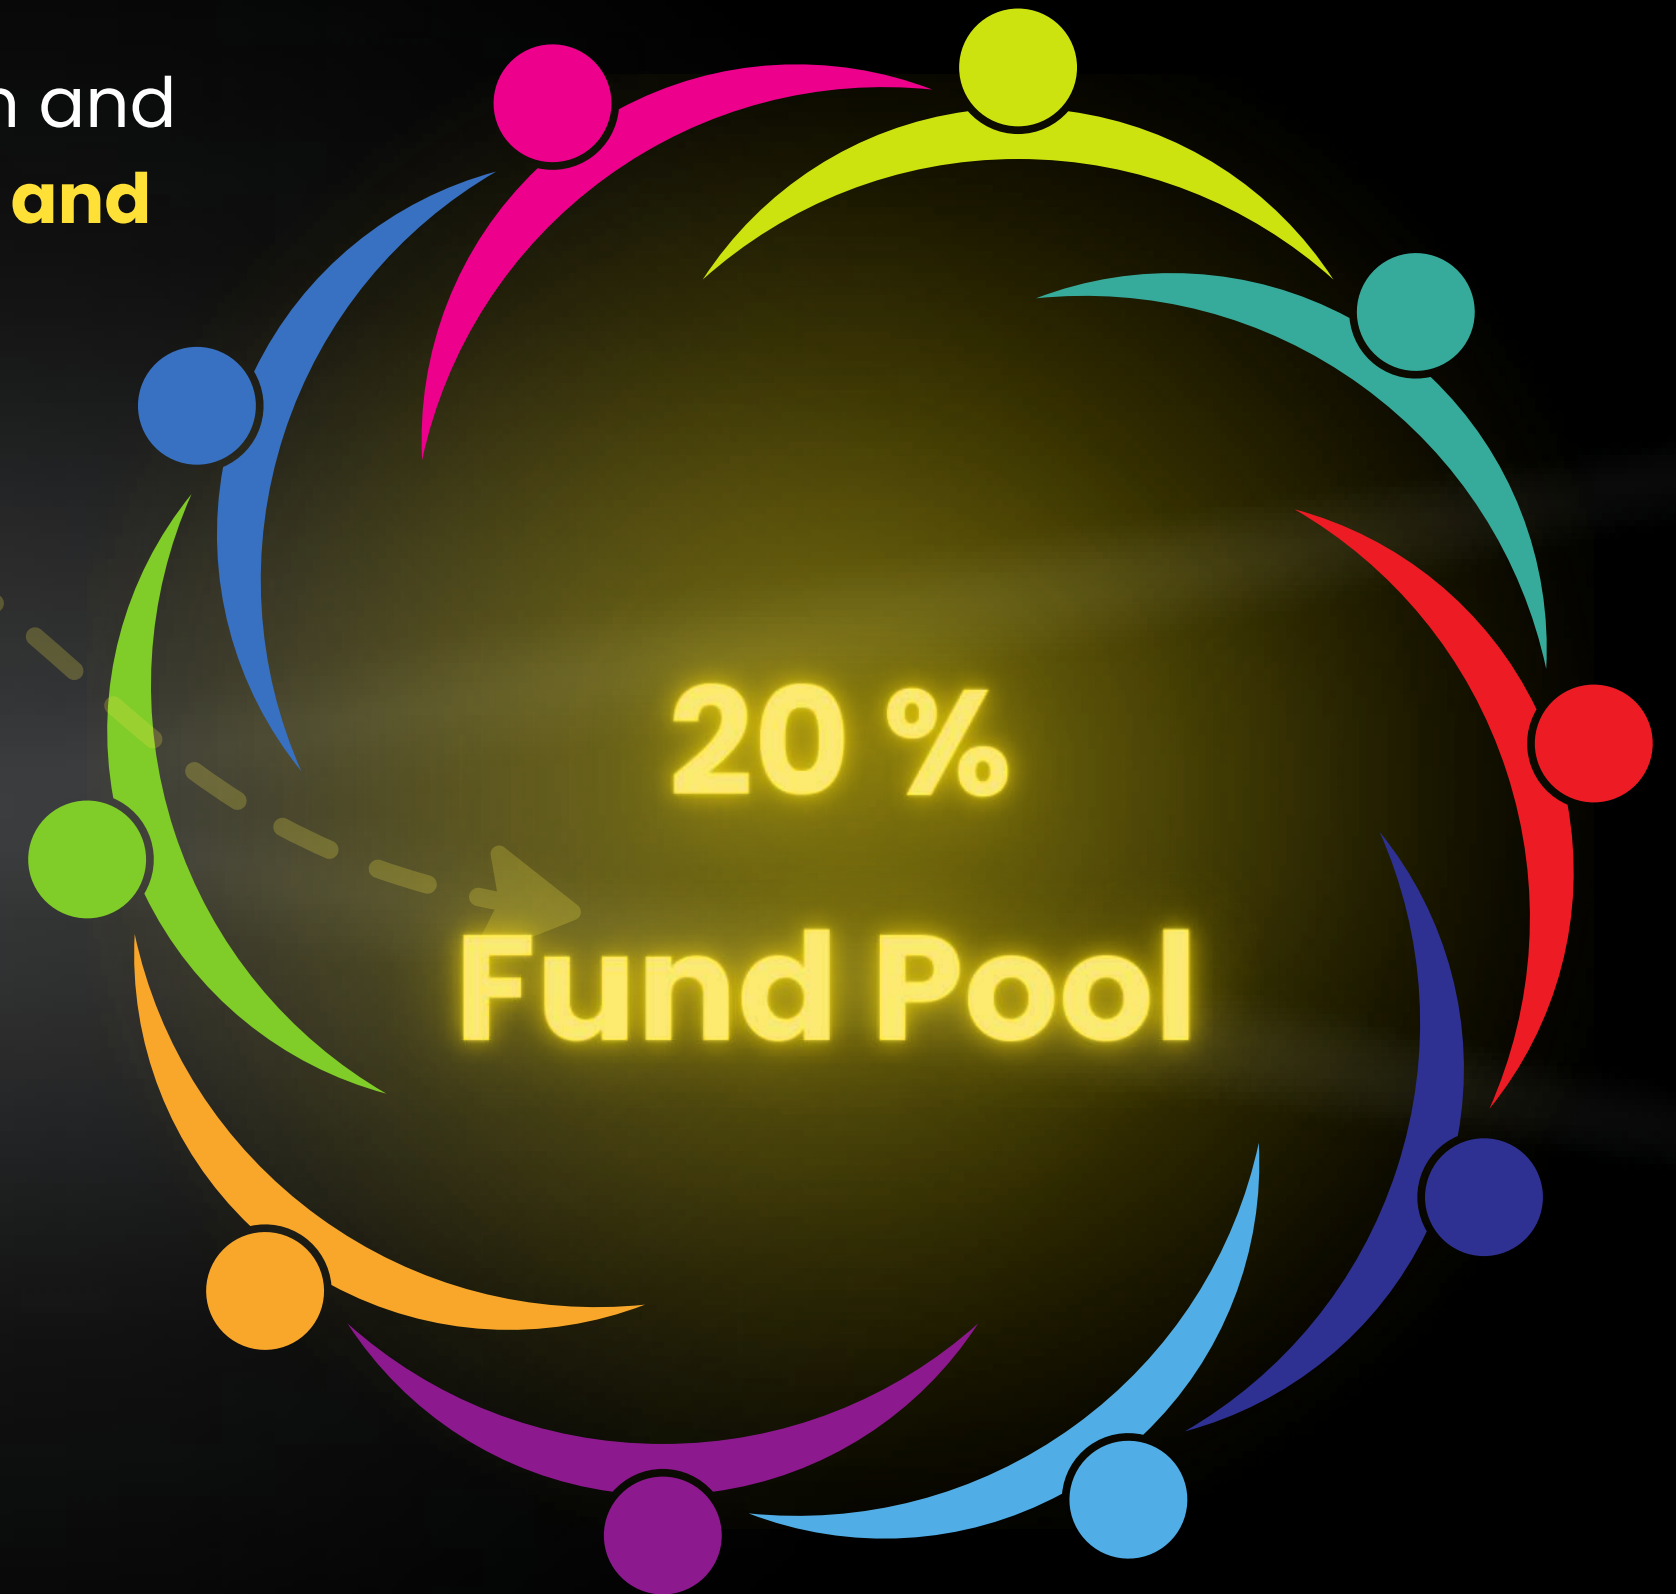

In reality, the net profit will be much higher, as the lower levels fill up more quickly.

Furthermore, there is no limit to the number of slots that can be active at the same time.

ROYALTY VIA NFT – 20%

A fund pool is established to support the ecosystem and foster growth, with **20% of the Ranks/Slot Upgrade and Auto-Recycle** being allocated to it.
